Demandez à vos enfants mineurs de vous raconter les histoires des cours d'histoire géographie en classe de cette année et l'année dernière et avant l'année dernière et et  
C'est génial super intéressant, de très belles histoires de liberté d'expressions.  
Ne les engueulez pas s'ils sont renvoyés d'école ou ont une heure de colle, demandez d'abord à leurs amis d'école la vraie vérité et ensuite allez voir le professeur et cpe pour la 2<sup>ème</sup> vérité.

Ask your minor kids to tell you the stories of geography history classes this year and last year and before last year and and and  
This is awesome super interesting, great stories of freedom of expressions.  
Don't yell at them if they're dismissed from school or have an hour of glue, first ask their school friends the real truth and then go see the teacher and cpe for the 2th truth.

Dear brothers and sisters This story is true and it happened to my daughter. Let's be proud of our religion and our prophet sala liaho alayhi wa Salmi who taught us Muslim religion and above all good behavior. Minimum mail to college or CCF or Academic inspection or Minister of Education or President But do a few things.

Unbelievable but true and it concerns you all. This morning my daughter's history teacher in 4th grade, asks the whole class that all Muslim students in the class raise their hand. Then he tells them to get out of class because he will broadcast an image that will shock them. Some go out and some deny including my daughter. Then this teacher spreads the image of someone naked and tells them that it is the prophet of Muslims our dear beloved prophet sala liaho alayhi wa Salmi a... See More
